RATIONAL

Dear colleagues and friends,

you are invited to attend the 2nd Rome Nerve Meeting: an up-to-date on peripheral nerve surgery in order to compare the opinions and to share knowledge of leading experts in shoulder surgery, nerve surgery, radiologic and neurophysiologic diagnostics, trauma, rehabilitation, and in treatment of peripheral nerve lesions.

The meeting consists of four sessions: the first focuses on axillary nerve injuries will provide an interesting opportunity for discussion among leading orthopedic shouldersurgeons and nerve surgeons; the second session is dedicated to the latest advances in brachial plexus surgery; in the third session, we will discuss the approach to late presentation of nerve injuries using tendon and muscle transfers; In the final session, we will discuss current trends and false myths in the treatment of compression syndromes. This invitation is addressed to Neurologists, Orthopaedic surgeons, Neurosurgeons, Plastic surgeons, Physiatrists and Rehabilitation specialists. The scientific program provides extensive space for discussion and debate between experts and the audience in a friendly setting.

See you in Rome!

Nicola Felici
